

Aerospace Industry

Commercial & Defence

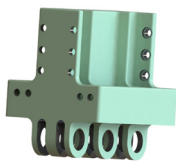

About Us

Approved manufacturer for several of the world's major aerospace companies. Supplying parts for both the commercial sector and defence. Offering hirework forging to increase the speed to market for customers.

Why Choose Us

World leader in forging and engineering with a global reputation for quality.

- Metallurgical Support
- AS/EN 9100 Series
- ISO 14001:2015
- Lloyds, ABS, DNV

Titanium Forging

Our highly experienced team can forge Titanium, with our forgings enduring in outer space! Titanium is often the chosen solution in aerospace because of the strength it has in a lightweight application built for safety critical environments. Trail forging available.

Materials forged for the following product

Include not limited to:

| Ti6A14V | Ti5553 | BS 598 | Inconel 718 |
|------------------|--------------------|---------------|-----------------------|
| Liners | Gear Blanks | Shafts | Injector Plates |
| Engine Mounts | Connectors | Spinners | Thrust Cones |
| Bearing Housing | Propeller Hubs | Turbine Disks | Engine Pick Up Blocks |
| Compressor Rings | Track Rib Forgings | Interfaces | Landing Components |
| Flanges | Pinion Forgings | Valves | Transmission Forgings |
| Closures | Domes | Nozzles | Chamber Forgings |
| Swash plates | Ring Gears | Fuel Sumps | Planetary Forgings |
